BUYING GUIDE

90 **Fritz 2006 Cabernet Sauvignon (Dry Creek Valley);**
\$35. Good for Fritz for holding this Cab back for a few years to let it mellow. It's still a pretty tannic, primary fruit-laden Cabernet, with briary blackberry, cherry, raspberry and red currant flavors. But judging by the firm tannins, it has an interesting future. Fine now, and should provide good drinking through 2012, at least.
